

EVERYTHING IMPORTANT  
IS AT THE POST OFFICE.

# WebStamp

## Create your own stamps

Create mail with your very own personal touch: use WebStamp to design stamps with your own pictures or text messages or select a motif from the WebStamp gallery. It's free of charge. You only pay the price of the postage. All it takes is three easy steps to conveniently print the stamps on labels, envelopes or stationery for window envelopes at your PC.

### Step 1: Log in.

Log in to [post.ch/webstamp-privatkunden](http://post.ch/webstamp-privatkunden). Registration is required before first-time use.

### Step 2: Design.

Create your own personal stamp with a text message, one of the many WebStamp options, or upload a picture from your PC.

### Step 3: Print.

Select product and postage option and print out your WebStamp on your printer.

### WebStamp advantages.

- The design is free of charge; you only pay the postage
- Pay CHF 1 less postage with WebStamp for parcels up to 5 kg
- Individual stamps with your own pictures, text or graphics
- Inexpensive collection of WebStamp parcels by your postal carrier

### General information.

- Internet access and a printer are required to use WebStamp
- Separate receipts are provided for all WebStamp orders
- A tracking system is available for parcels and registered mail
- Recipient addresses can be imported from any format or from [tel.search.ch](http://tel.search.ch)

**SWISS POST**
